Credit Union Quiz Success

Well done to the boys and girls from fifth and sixth class who represented Kildalkey N.S. in the recent Credit Union Plus Quizzes. Our fifth class did themselves proud with an score of 46 points in the regional final. Even better were the sixth class who garnered an impressive 54 points and got through to the finals. They then performed impressively in the finals held in Blanchardstown, coming in the top ten with a superb 80 points!! Well done to both teams and in particular the sixth class team which comprised of Alex, Brandon, Charlie, Hannah and Sam!

Intel Grant

Kildalkey N.S. were recently the recipients of a grant from Intel. Due to the direction and collaboration with parents Philip Lyons and Joanne O'Connor, the school banked enough hours to receive a grant totalling nearly 1,000 euro. The money was put towards new laptops for the school. Well done and thank you to all involved!!!

TV Stars

Kildalkey was in the public eye lately as our secretary and her daughter appeared in Room To Improve! Celine, Angie's daughter, got her grandmother's house remodelled and Dermot gave them a helping hand! Angie made several appearances, helping her to pick out wedding dresses in the middle of all the building! Well done Angie!! Not only were they on Room To Improve but then it was on Gogglebox Ireland again! Our TV celebrities.

School Quiz

The school recently organised its own inaugural quiz for the senior classes. 3rd, 4th and 5th took part in the quiz on the 2nd of February.

In groups of 3 or 4, they were put through their paces with 88 questions asked. Great fun was had and in the end, we had outright winners in all classes. Well done to all who participated!!

4th Class Winners

3rd Class Winners

Infant Reading

Lots of hard work is being done in the Infant classes with parents coming in to assist with the paired reading. The children are getting better and better with their reading, as a result! Thanks to all the parents for their assistance with the reading and well done to the children on their great work!

Engineers' Week

Third class recently participated in Engineers' week. As part of Engineers' Week, Joanne and John came in from Intel to show the children what work is done in Intel and to give them a challenge which entailed building a durable and working bridge. The children set into their task and had great fun in designing their bridges!

Eventually it was decided that the boys' group had built the best bridge! Well done to the boys and thanks to the two Intel volunteers,
