

Sports Day

Sports Day took place on Thursday, May 31st. Glorious weather accompanied the day, which saw all the classes partake in many different activities, such as the long jump, the parachute, the obstacle course, the races etc. The Parents' Association arranged for every child to receive an ice-cream from the ice-cream van and we had many volunteers in helping to paint faces etc.

All students and classes really enjoyed the day - thanks to all who made it happen!

KILDALKEY N.S. NEWSLETTER

June 2018

Last Month of Old School Building

This month will see our students situated in the old school building for the last time. When school reopens in August, we will be situated in new surroundings in the new school building. While this is a time of great excitement, it also one tinged with a little sadness as we all have great memories of time spent in the old school buildings. To that effect, a special 'Memories' book is being produced to commemorate this. August and September promise to be very exciting months as we open up a new chapter in the life of Kildalkey N.S..

Our Second Class Poets

We had three poets from second class who won prizes in the Write - A - Poem project! Callum, Jenna and Niamh sent in entries into the project and were awarded for their efforts with a ceremony in the Ardboyne Hotel. Their poems were also included in the My World poetry book. Well done Callum, Jenna and Niamh!

County Representatives

Well done to all our students who have represented the county in recent weeks. Ben, Caoimhe, Grace, Leah and Jamie have all played for Meath representative teams in GAA lately and have done the school proud. Maith sibh!

Athletics Success

Well done to our athletics competitors who had a very successful day last week in Fr. Murphy's. Our sprinters took home a great haul of medals, evenly spread between 2nd, 3rd, 4th, 5th and 6th class! We had many winners, and plenty more in 2nd and 3rd place. Well done to all our athletes!

Science Award

Kildalkey N.S. Was recently awarded with its ninth consecutive Discover Primary Science Award of excellence in STEM! The school was credited on how high the standard of STEM was in the school. Well done to all the classes and in particular, Mrs. Tuite who organised the Science activities in the school. Well done to all the student and classes on a great achievement!
